11 – 22 March 2024

3 nights Tokyo – 2 nights Kanazawa – 3 nights Hiroshima – 3 nights Kobe

Walk through the vermilion torii gates of Fushimi Inari, Kyoto

**Japan is a blend of gracious tradition, exquisite ritual and hyper modernity. Experience different facets of this exceptional country, seeing the culture, society and history of Japan through the prism of your own profession.**

See Japan's most famous traditional art and crafts, as well as contemporary art. Visit one of Japan's three great gardens, one of its most imposing castles and the ancient capital of Kyoto. Experience lesser-known Japan, including the geisha district of Kanazawa and the laneways of Osaka, and cruise across the Inland Sea..

There are a range of professional visits, meetings, talks and a dinner, providing real insight into medicine and society in Japan. The majority of these visits have been organised via Japanese members of the Royal Society of Medicine.

There will also be informal meetings and dinners with members throughout the tour. The tour is accompanied by an expert tour leader and a highly experienced Japanese national guide.

**This tour has broad appeal and partners are very welcome.**

## Travel in and to Japan

Most transport on this tour is based on Japan's excellent, immaculate and efficient public transport system. The group will travel between cities by bullet train. Transport within cities is often by metro and bus. All hotels are walking distance from the railway stations. As travel is mostly by public transport, a good level of fitness is important for all participants. This tour includes regular walking on a daily basis.

As there is limited space for luggage on the bullet trains, large bags will be sent separately ahead of the group by overnight transfers. Participants will use hand luggage for those nights. This cost is included in the tour.

All hotels are modern 4-star or above. Japanese hotel rooms can be smaller than in other destinations (around 20 sqm), particularly in Tokyo and Hiroshima. Please contact us if you require larger rooms.

Flights to and from Japan are not included with this package. We can help organise these flights. If booking your own flights, please book a flight into Tokyo, and Haneda is the

closest airport. When returning, if flying back via Tokyo, book a connecting flight from Kobe airport. If returning via Osaka (KIX) International Airport please ensure your flight departs from midday on, to take advantage of the daytime rail and bus services from Kobe. Taxis in Japan are very expensive.

## Extensions

The pre tour extension visits the Mount Fuji Region. There is the option to stay on in Japan and we can assist with additional accommodation or a trip to the historic Mount Koya. As this period is the early cherry blossom season we advise early booking.
